EXAMINER'S AMENDMENT/COMMENT

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The primary reason for the indication of the allowability of claims 1-13 is the inclusion therein of the limitations of a first linear array of columnar arrays of first nozzle pairs, the first linear array extending along an X-axis and the columnar arrays of first nozzles extending obliquely to the X-axis; wherein the nozzles of each first nozzle pair are ***aligned*** along the X-axis; wherein one nozzle of each first nozzle pair emits drops of a first color and another nozzle of each first nozzle pair emits drops of a second color; a second linear array of columnar arrays of second nozzle pairs, the second linear array extending along the X-axis and the columnar arrays of second nozzles extending obliquely to the X-axis; wherein the nozzles of each second nozzle pair are ***aligned*** along the X-axis; wherein one nozzle of each second nozzle pair emits drops of a third color and another nozzle of each second nozzle pair emits drops of a fourth color; wherein the first linear array and the second linear array extend along a X-axis, and wherein the second linear array is adjacent the first linear array such that each first nozzle pair has an associated second nozzle pair displaced therefrom along a Y-axis that is orthogonal to the X-axis. These limitations are neither suggested nor taught by the prior art of record, alone or in combination as claimed.
